Full time Real Estate professional with 17 years of experience!

REAL ESTATE FOR THE REAL WORLD

I am a full-time Real Estate Agent who has been buying and selling real estate for 17 years. I have held a Brokers license, the highest offered by the state, for over 10 of those years. I believe extensive research is critical and I commit to the thorough understanding of my clients' needs and the circumstances that directly affect them. My successful and extensive background has translated in to reliable and skilled client contract negotiations and a distinct understanding of presentation and marketing. With all my clients I see and capitalize on the opportunities that will benefit them with a short or long term investment. I sincerely believe that people need to enjoy the home and neighborhood they will be living in and yet I always have your true dollar investment and resale in mind-regardless of when that might be. I utilize the latest technology and marketing tools, including a software contract system that is extremely convenient for all my clients.

My background started with the construction and remodeling of many local area homes. Learning my product from the ground up, I am well versed in not only the current market values but all aspects of construction and location that affect the value. I also lend a keen vision as to what possibilities a property may have and the knowledge to unlock that potential.

If you are looking into buying or selling real estate, speak with me first. I have a welcoming approach with people from all walks of life and a helpful relationship with my clients is paramount. I will listen to you and advise you in a professional manner. I will help guide you through any preparation necessary for the sale or purchase of your home. Simply put, "your goals are my goals".

I am available 7 days a week and am always just a phone call, text or email away 207-653-8364.

Experience matters.

In today's challenging real estate market, selecting the right real estate agent is crucial. It can make all the difference in the world. Whether you're planning on buying, selling, or you just have a question, feel free to call me anytime.
